ArkCurriculum+

Who are we?

Grown out of Ark, one of the highest performing Multi Academy Trusts in the UK, our team of well researched and highly skilled educational designers and trainers guide teachers and their pupils towards subject mastery.

Our mission is to empower teachers to give every young person, regardless of their background, the subject knowledge and skills that will allow them to succeed.

Curriculum

We believe that great curriculum design and delivery leads to improved teaching and learner outcomes, which impacts positively on children’s life chances.

Mastery

Evidence shows that pupils make more progress when they have been equipped to master a subject. They do this by understanding its fundamental concepts in sufficient depth that they can apply subject knowledge in unfamiliar contexts.

Development

Our commitment is to empower and equip schools to provide high-quality subject teaching, through curriculum collaboration and integrated professional development, in order to develop young people’s subject mastery.

Why Ark Curriculum Plus works

Our connection with Ark gives us our experience and our specialist expertise, earned while we developed and taught subject curricula across our own network of 38 successful academies in the UK.

Our curriculum programmes have been proven to:

- **have a positive impact on pupil progress and attainment**
- **deepen pupils’ understanding of key concepts**
- **engage pupils and increase their enjoyment of lessons**
- **make more impactful use of teacher time**
- **drive change and improve teaching**

Our partner schools are supported every step of the way. We believe in working *with* schools to enable systematic, long-term change to happen from within. Through improved subject knowledge, pedagogic content knowledge, curriculum and lesson design and formative assessment, we enable teachers to make informed adaptations to ensure all lessons are right for the children in their particular class.

Our programmes are kept fresh with innovation and improvement, informed by evidence derived from world-leading educational research and feedback from our partner schools.

“ A game changer! Expectations raised across the board for pupils and staff! The curriculum has been strategically developed with each unit building on knowledge, skill and understanding.”

Fiona Chapman, Principal at Ark Dickens Primary Academy

The History & Geography Mastery programme

The History & Geography Mastery programme is already having an impact in our partner schools across the UK, improving the quality of teaching and learning.

Specifically designed for UK classrooms, the programme offers:

- **A well sequenced and interlinked KS1 and KS2 history and geography curriculum**
- **A full suite of classroom planning and delivery resources**
- **Integrated professional development and subject knowledge support**

Science
Mastery

Are you also looking for a comprehensive mastery programme for science?

Our History & Geography Mastery programme has been designed to work effectively alongside our Science Mastery programme for a consistent whole-school approach to teaching these subjects. Our curriculum design team have developed all three curriculum sequences with subject integrity at the heart of learning, but where meaningful cross-curricular links are beneficial to your pupils' understanding we have embedded them into the curriculum providing a rich learning experience.

See page 14 to find out more.

Teachers in our partner schools repeatedly tell us what a difference our programme is making:

“A game changer! Expectations raised across the board for pupils and staff! The curriculum has been strategically developed with each unit building on knowledge, skill and understanding. The content and layout of the workbooks makes them easily navigable for every pupil. Teachers have ownership over their lessons through the ability to adapt the resources to allow personal scaffolding or challenge for each individual. The full roll out of the programme across Ark Dickens has been eagerly anticipated and enthusiastically received by all.”

Fiona Chapman | Principal at Ark Dickens Primary Academy

“The programme has opened up our teachers to a whole new way of thinking and brought a brand new energy to our classrooms. The curriculum resources are rich in knowledge and vocabulary and the supporting resources are so well designed that our teachers are now freed up within their planning and prep time to focus more on how to bring the curriculum to life. They can now think about how to provoke thought, enquiry and discussion.”

Glenn Prior | Deputy Head Teacher at Ark John Archer Primary Academy

“This approach has unleashed an excitement for learning here at John Archer, not just for the children, but also for the staff. The intellectual preparation gives staff time to reflect, to ask questions and delve deeper into how the knowledge is to be imparted to the pupils. What Ark Curriculum Plus has really done has enriched our pupils with facts they can apply. They now want to show off what they know, not just in the quizzes, but also in their writing.”

Moira Cruddas | Principal at Ark John Archer Primary Academy

Our approach

All our Mastery programmes are written **by teachers for teachers**. You can be certain that they work in the classroom as every programme is **thoroughly tests** both within the Ark Academy Trust and with schools outside our trust.

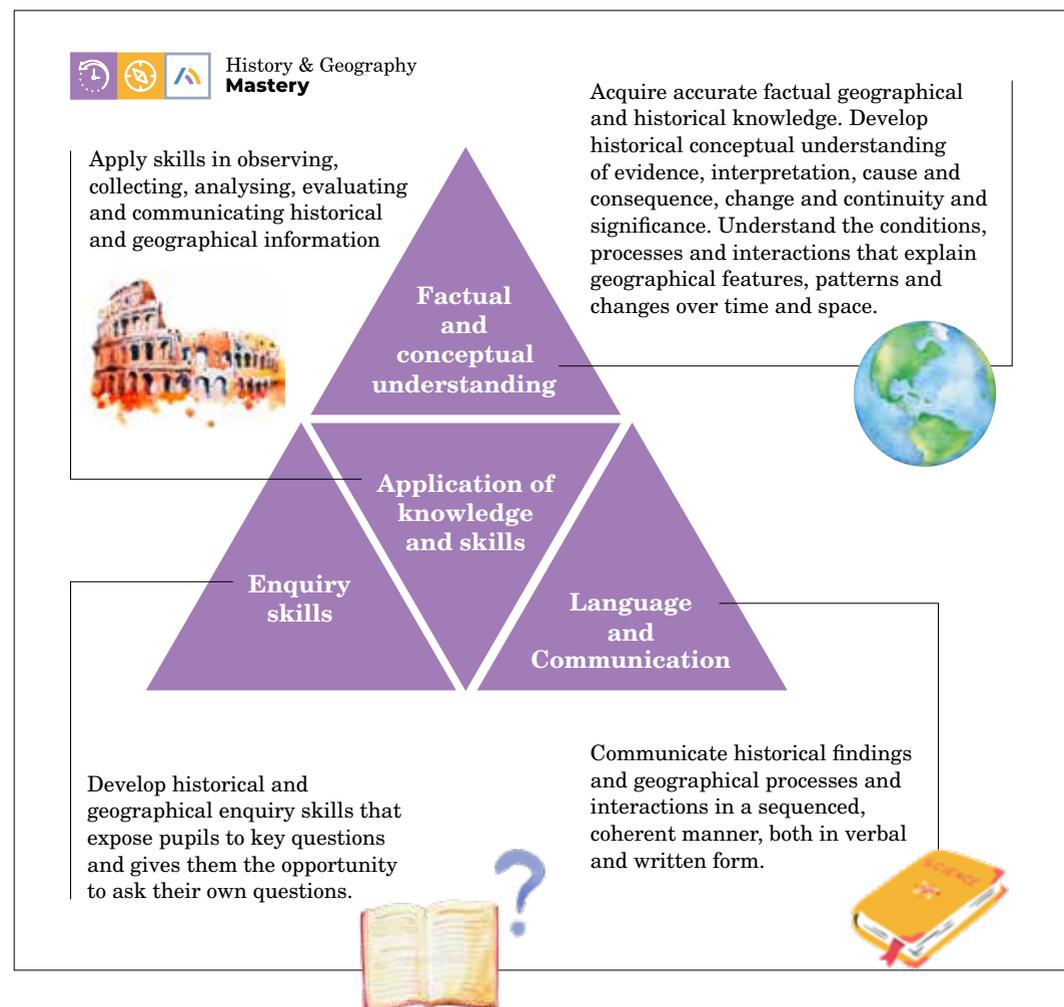

History & Geography Mastery provides you with a knowledge-rich, comprehensive curriculum that has been strategically sequenced to ensure a broad and effective learning experience for your pupils. All of the units of work are underpinned by a clear rationale and conceptual rigour. Where connections are meaningful, links between the subjects have been embedded to ensure pupils gain a rich understanding from both a historical and geographical perspective.

We regularly collect feedback on each unit of the Science Mastery programme from teachers using the curriculum in their school. We then update, improve and develop the programme to ensure every unit is **effective, easy to implement and engaging** for everyone.

The Dimensions of Depth

Our curriculum is underpinned by the dimensions of depth – which together enable pupils to develop deep understanding of the subject.

What do I get when I join the programme?

The History & Geography Mastery curriculum

Available from Year 1 to Year 6

The History & Geography Mastery curriculum contains 5 units of work within each year group, covering a mixture of history and geography topics.

Each unit covers approximately 6 weeks of learning, with all the planning, teaching and pupil resources, subject knowledge, and comprehensive professional development needed to support you to teach the unit.

Planning guidance

Each unit in the History & Geography Mastery curriculum contains comprehensive teaching support for all teachers.

Our new MyMastery learning platform is at the heart of our programme – offering easy ‘anytime, anywhere’ access to the full suite of History & Geography Mastery content.
